*"Nearly everyone takes the limits of their own vision for the limits of the world. A few do not. Join them"*

- Arthur Shopenhauer

*"I know of no more encouraging fact than the ability of a man to elevate his life by conscious endeavor. It is something to paint a particular picture, or to carve a statue, and so make a few objects beautiful. It is far more glorious to carve and paint the very atmosphere and medium through which we look. This we can do."*

- Henry David Thoreau

*"It's always fun to do the impossible because that's where there is less competition"*

-Walt Disney

*"When you are inspired by some great purpose, some extraordinary project, all your thoughts break their bond; your mind transcends limitations, your consciousness expands in every direction and you find yourself in a new, great and wonderful world. Dormant forces, faculties and talents become alive, and you discover yourself to be a greater person by far than you ever dreamed yourself to be"*
